A short story...

2019-2020

A short story...

# How the inner voice helps you create a unique...

- Why sometimes it is better to trust yourself than to try to calculate everything?
- How to develop this feeling?
- Why intuition is not something mystical, but a real tool?

A long, straight highway stretches into the distance under a dramatic, cloudy sky. The road is flanked by green trees and grass, and the sky is filled with large, white clouds. The overall mood is serene and expansive.

Hypnosis on the highway

INTUITION

CREATIVITY

1

# Creativity is a constant choice

IN DESIGN, ART, OR ADVERTISING, THERE ARE NO FIXED RULES

2

# Intuition helps you decide faster

INSTEAD OF OVERTHINKING, YOUR BRAIN OFFERS A SOLUTION AUTOMATICALLY

3

Our subconscious is way more powerful than we think

SOME STUDIES SAY IT PROCESSES UP TO 200,000 TIMES MORE DATA THAN OUR CONSCIOUS MIND.

4

# Practice makes intuition sharper

THE MORE YOU CREATE, THE FASTER YOU START TO RECOGNIZE WHAT WORKS

5

# Intuition really shines when there's no clear path

WHEN YOU'RE DOING SOMETHING NEW OR UNUSUAL,  
IT HELPS YOU FIND YOUR OWN WAY.

# Power of intuition

Vusal Jabbarov, a teacher from Baku, draws with his eyes closed
